MOTIONS AND RESOLUTIONS

Ms. Ballinger:

Mr. President, I would like to call to the attention of the members of Council, do you remember some three weeks ago, in my neighborhood, an 8-year old boy was killed on the premises of Central and Woods Run Avenue, where the contractor had stored his material for renovation of Brighton Road. The people there are naturally up in arms and they are now asking that a fence be put around this place where all this material is stored in order to prevent another death.

They have presented a petition with hundreds and hundreds of names of people living in the neighborhood requesting this fence is put in. I only bring this to the attention of Council so that in the future this has to be done. When we see such a project going up and the contractor storing material, we know the children are not suppose to play there but how do you keep the children away from it, unless there would be a guard stationed there or some obstruction is erected to keep them out.

Therefore, in behalf of the people of my neighborhood, I am asking Council for the future and even now. In the letter, they said to me

> ". . .We the people of the Woods Run Area understand the Gacon Construction Company is oleaning up the area for the winter months. However, we still face the same danger come spring and we would appreciate any help you can give us in protecting our children."

I think their plea is right and should be heard. I have talked to Mr. Hess and I understand Councilman DePasquale has spoken to him and he has to give us an answer sometime this afternoon of what they intend to do but I wanted to call it to the attention of the members of City Council.

Mr. Mason:

This is not an official resolution, then, but just for our information.

Mr. DePasquale:

The law calls for the fencing in of areas of that size, anyway.

Mr. Mason:

Even if only temporary construction?

Mr. DePasquale:

Yes and they should have done it a long time ago. As Ms. Ballinger has said, and it is unfortunate, but it has caused a death.

Mr. Lynch:

It is simply a question of making the Department of Public Safety or Department of Public Works comply with the law.

Mr. Mason:

Which is it, so we are straight on it?

Mr. Lynch:

I think its the Department of Public Safety who should see the regulation of the City of Pittsburgh is complied with and if the site is not cordoned off, it ought to be . I think we should call the Public Safety Director or Police Chief for a response for that particular enforcement procedure before Council on Wednesday to explain why it is not done.

Mr. DePasquale, I believe it does come under the Public Safety Committee?

Mr. DePasquale:

Yes.

Mr. Lynch:

And Mr. Hess has nothing to do with that whatsoever.

Ms. Ballinger:

I think that is something he is trying to establish.

Mr. Lynch:

We can do that directly. Call Superintendent Coll here and ask him what has been done. I think that would be appropriate, the City Clerk have Mr. Coll come in and explain fencing that in.

Mr. Mason:

Mr. DePasquale says the laws are in the books and if they are not following the laws, lets make sure the administrative heads are doing their responsibility. We have a responsibility of jacking them up and making sure these areas are safe.

Ms. Ballinger:

Why can't we get a copy of that law? Why wait until Wednesday to get a copy of the law?

Mr. Lynch:

We can have that this afternoon. We have it in our files.

Mr. Lucchino:

I would request that with regard to a bill, Bill No. 2043, that was an ordinance providing for sewerage and sanitation service agreement with Allegheny Sanitary Authority in North Huntingdon Township, involving the Brighton Heights people. That bill was tabled on March 5, 1975.

There has been substantial activity in that area, beneficial activity for the people of Brighton Heights, and I requested the City Clerk to place that bill on Wednesday's agenda so we can move to lift it from the table.

Mr. Coyne:

I would like to get a motion of Council requesting the Law Department to render an opinion to us with regard to the legality of imposing a real estate tax increasing at a greater ratio than two-to one ratio as mandated under the Second-class Cities Code and what the opinion of the Law Department is as to

our levying a tax greater than the two-to-one ratio during 1976.

I talked with the Solicitor myself and asked for that opinion but it has not been forthcoming. He has indicated he would like to have a formal request from Council and I am putting that in now.

Mr. Lynch:

Somethime ago, we established the right for any Councilman to request an opinion. I support Mr. Coyne's request but I am reluctant to establish a precedent on the part of this Council that any individual Councilman can be countermanded for getting any information he wants. If we adopt this procedure, that's what can happen.

Mr. Mason:

I didn't get that impression.

Mr. Lynch:

Yes. He is asking for a resolution to get usual information which he didn't get. I don't see why you don't just ask for the information and demand a legal opinion.

Mr. Coyne:

In conversations with the Solicitor he requested it come in this form.

Mr. Lynch:

That's too bad. Ask him to get it ready and if he doesn't, we'll find out why he doesn't because we established the Councilmen, individually, and the administrative aids of Council, have the right to get data from any department head in this city and I am reluctant to slip back to that procedure where it has to be formally requested.

Mr. Coyne:

I am willing to request it. I did so three weeks ago and have had no response so far.

Mr. Lynch:

We can have him come before us on Wednesday. Would that be satisfactory?

Mr. Coyne:

Right, request the City Solicitor to come before us at Wednesday's Finance Committee meeting.

Mr. Lynch:

I am willing to support your request but it will handcuff you as a Councilman if in the future you have to go through that ritual.

Mr. Mason:

The City Clerk can handle it, making the request that he appear before the Finance Committee.

Mr. Coyne:

Yes, the City Clerk did make the request for the information.

Mr. Mason:

When was that made?

Mr. Coyne:

Some three weeks ago.

Mr. Mason:

Mr. City Clerk, will you take care of that request to the City Solicitor to appear before Council at Wednesday's Finance Committee meeting.

Mr. Caliguiri moved

That Mr. Stone be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monday, November 17, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

UNFINISHED BUSINESS

The Chair presented

No. 3494.

City of Pittsburgh Pete Flaherty, Mayor

November 28, 1975

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Re: Veto of Council Bills
No. 2835 and No. 2836 of 1975

Dear Gentlemen and Madam:

The City of Pittsburgh, under my Administration, has been a positive force in trying to develop new housing and maintain existing housing within the City. We have pioneered in the nation in establishing a City-wide Home Repair Loan Program, a new home construction Neighborhood Housing Program, a one-step, one fee building permit system, registration of landlords, tax abatement and other innovations.

When the HUD Section 8 program under the Housing Act of 1974 was started, Pittsburgh was ready to go and in fact was the first City in Pennsylvania to be advertised for developer submissions. HUD asked, as required in the Housing Act of 1974, for the City's priorities for the limited number of units available to the City.

In a letter to HUD on July 25, 1975, I set forth the City's priorities, which did not include the Forbes and Murray site.

The proposal for a commercial center of 14,000 square feet and a 90-unit apartment high-rise and church combination facility at the Forbes and Murray site has created great divisions within the community in the City Planning Commission and in City Council.

There is some question that the project is not financially feasible within HUD rent limits.

There is a strong likelihood that if the high-rise is pursued it will be subject to prolonged litigation on a wide range of legal issues.

These factors will unnecessarily delay, and possibly deny the City of much needed housing for the elderly.

At this time of limited resources for housing development we should allocate our resources towards proposals which can realistically move forward within the near future to meet our vital need for housing for the elderly.

There are many neighborhood sites in the City of Pittsburgh to develop elderly high-rise facilities using limited HUD Section 8 monies. In fact, the demand for non-controversial use of Section 8 funds far exceeds the supply.

Therefore, I am vetoing Council Bills No. 2835 of 1975 and 2836 requesting that City Council reconsider this matter.

Very truly yours,

PETE FLAHERTY

PF: fkn

Which was read, received and filed.

Also,

Bill No. 2835. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958. Which was read.

Also,

Bill No. 2836. An Ordinance entitled, "An Ordinance approving a Conditional Use under Section 2801-1-A-(33) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for the erection of an eleven-story structure, a portion of which is to contain 90 units of housing for the elderly for the Sixth Presbyterian Church located on certain property bounded by: Forbes Avenue; Murray Avenue; Lots No. 201 and 158, Block 86-G and Lot No. 304, Block 86-F in the ACB&LS, 14th Ward."

Which was read.

Mr. Stone:

Relative to Bills No. 2835 and 2836, I presume, and I think correctly so, every member of City Council received a letter indicating the reason why the Mayor has elected to veto this bill.

Mr. Mason:

The bill is now before you for discussion.

Mr. Stone:

Mr. President, I am in receipt of the Mayor's letter of November 28, 1975 and I am at a loss to understand what the Mayor is saying for the following reasons:

The Mayor obviously, in matters concerning zoning, should be relying on his Planning Commission and they have approved this project. The Mayor has a Housing Coordinator who has pursued this particular project through the Council Subcommittee on Housing and also pursued it for affirmative action through City Council, and he was for it.

Now, we find the Mayor, himself, in violation, or contradiction, of his Housing Coordinator, and as well, in contradiction of the Planning Commission, has indicated he is not for the project. One of the reasons for indicating he is not for it is because of some allegations they are not financially able to manage their project. I know of no instance in which the Mayor has ever indicated, or shown any concern, for the Shady-Forward project which had to come through Council a minimum of twice, or three times, all because the time had expired because they were not able to round up finances in order to accomplish the project. He expressed no concern for funds there.

Relative to this particular project, from what has been represented to Council, this project stands in a better position, financially, than either of the others. We are left with two projects in the Squirrel Hill area, which area sadly needs housing for the elderly, namely, Sixth Presbyterian Church project, the Squirrel Hill high rise, covered by Bills No. 2835 and 2836, or the Shady-Forward project.

Relative to this particular project, the source which is going to fund it, namely HUD, has given it a great priority rate. In fact, I think it has the highest rating they have given.

Relative to any litigation, this Council cannot sit and anticipate that some day, somewhere along the line, there is going to be some project without difficulties. Needless to say, this Mayor is no stranger to litigation, but I think that is no concern of Council. Council has to approve these projects to get them on their way because it has to have financing after it leaves Council. It is our particular responsibility to see we do whatever is necessary to get housing.

I think Squirrel Hill needs it. We have two projects there in the midst for HUD to select from and I think this project looks as though it has all the earmarks of doing what is necessary, especially since our Housing Coordinator and City Planning Commission have already approved it. I think it is a worthy project, a meritorious project, and I think it is an affirmative step toward accomplishing the goals the City of Pittsburgh should accomplish. I therefore move to override the Mayor's veto on Bills No. 2835 and 2836.

Mr. Coyne:

Second the motion.

Mr. Lynch:

Now, the fact of the matter is, the things Mr. Stone said are mostly not accurate. During the time of the Commission hearing on this particular bill, Mr. Stone was well aware, the first time through, the City Planning Commission disapproved this request and as a result of a great deal of undue pressure from a letter writing campaign from people conscripted to write, people who don't live in the community and have no stake in the community, apparently the Planning Commission had second thoughts and gave two rulings. Mr. Stone is well aware of this because we took the position the reason we needed seven votes was because the Planning Commission changed its mind. That wasn't correct either.

As far as Mr. O'Loughlin, he is against this, has always been against it, and remains against it and is available to this

Council right now to speak on the merits or demerits of this particular bill and he stands opposed to this particular housing project.

As to the financing as to the Forward Avenue project, the financing problems involved front money versus this particular proposition, which problem involves a rate or rental for apartments which is absolutely absurd; the two comparisons were not the same. These apartments will rent, by admission of the financial advisor to the developer, at $350 per room per month and we sat here in Council and heard him say that. He said it could be considerably more than that. He said it could exceed $400 a month per room and we recognize the financial picture on a long-term basis is so lopsided as to stagger the imagination.

Fourthly, this proposal has been presented to the public inaccurately and on agreement between Liebert and HUD, being a Nixon-Agnew appointee, which appointment should come to an end. Under the law, the requirement for residency is 26 years of age, which is hardly elderly, which is what the law says.

Finally, there will be built with Federal funds a chapel which seems to me to fly in the face of the whole notion of separation of state and church.

Mr. Stone says our job is to approve proposals for housing. I do not think that is true. I think our responsibility is to weigh the merits and approve or disapprove and not in a rubberstamp fashion approve anything that comes before us for housing, no matter what the circumstances, how far out the financing, what the law is, the recommendations of our staff and the Mayor and the strong feeling of the administration might be.

For that reason, I say, if I ever saw a proposal that deserves to be voted down, this is one.

Mr. DePasquale:

To end the confusion, David O'Loughlin made the statement, I believe, when the issue was still up for votes, that he was in favor for high rises. At the same time, after we approved this high rise at Forbes and Murray, he said due to legal barriers that he doubted we could have this built and he suggested we go back to the old location at Forward and Shady which we had approved something like two years ago. When I read the statement of Mr. O'Loughlin, I was taken aback. I thought he was for the high rise. Of course, he might still be for it, but he said he doubted, because of legal barriers, it would ever be built. I still lean to Forward and Shady and I will stay with my vote and go with the Mayor's veto.

Mr. Lynch:

I would find out, Mr. O'Loughlin is here, and I recommend he be asked to state his opinion on this piece of legislation so there be no question about the Housing Coordinator's position and his recommendation on this.

Mr. Stone:

Move the question.

Mr. Lynch:

I request this Council allow Mr. O'Loughlin to make a statement.

Mr. Mason:

Is there any other Councilman who wishes to speak? We have heard from two persons who are not for the two bills. Is there any person here, of our legislative body, who would speak for the bills?

Mr. Stone:

Mr. President, I am opposed to anybody speaking, other than Council members.

Mr. Mason:

I think the Chair will rule, in line with what has been said, and because this is a very vital issue, I think with unanimous consent, we could let Mr. O'Laughlin speak.

Mr. DePasquale:

Must it be unanimous?

Mr. Lynch:

I believe the President of Council can let him speak, by rule.

Mr. Curtin:

I believe you could let him speak, unless the majority of Council says, no.

Mr. Stone:

Mr. Parliamentarian, am I to understand your present interpretation as saying at Committee meetings, we need unanimous consent, and at the Legislative meetings, you need less than what you need on a more informal basis? Is that the interpretation you're giving us?

Mr. Curtin:

That was it. Here it says, "No person shall be heard or seated at the Committee table unless invited by the Chairman of the Committee in session and with the unanimous consent of the members present, subject to . . . exceptions."

That's Committee meetings. I see nothing regarding Legislative, so my interpretation would stand

Mr. Mason:

Then I would suggest Mr. O'Loughlin be allowed to speak.

Mr. Coyne:

I move we take a vote.

Mr. Lucchino:

Point of order.

I believe maybe the motion has to be to overrule the decision of the Chair. Unless we override you, your ruling stands. I do not think we should vote to make your decisions. The motion would have to be to override your decision.

Mr. Coyne:

I move to override the decision of the Chair.

Mr. Caliguiri:

Second the motion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Kamyk
Mr. Coyne	Mr. Stone

Noes:

Mr. DePasquale	Mr. Mason
Mr. Lucchino	(Pres't)
Mr. Lynch	

Ayes 4 Noes 4

And there being a tie vote the decision of the Chair was upheld and Mr. O'Loughlin was permitted to speak.

Mr. Stone:

Relative to what we are to hear, it should be only as to whether he is for or against the project. Not a general statement, but to clear up whether he is for or against this project, so that it is a limited presentation we are to hear at this time.

Mr. Lynch:

I would like to have him speak openly on his position on this subject. I asked him to come up here; you authorized him to speak.

Mr. O'Loughlin:

Thank you for the opportunity to speak to this question.

I totally support the Mayor's veto message and would like to draw attention of Council to the reasons set forth in his letter of November 28th. I might point out, this decision, the Mayor did not come to lightly; that he came to after seeking the advice of the Planning Department people, myself, and others within the Administration. The record of the City, and my position, has been very clearly in support of housing for the elderly and to an overriding extent, the reason why the Mayor asked the Council to reconsider, and the Mayor issued his veto statement, was because elderly housing will occur much more quickly in this City if the units, the limited number of units the Federal government has made available to the City, are utilized as soon as possible, in the most expeditious manner, in projects that can be built within a short period of time.

There were three projects the Mayor recommended, two to Mr. Lieberth, back on the 25th of July. The three projects were the South Side highrise for the elderly at Brady Street; Forward and Shady project in Squirrel Hill; and East Park School at Cedar Avenue in the North Side.

The Department of Housing and Urban Development saw fit to select three other projects, all of which ran into one

type of problem after another. I pointed out to Councilman Mason, and stated, when asked by newspapers reporters, that I thought the Forbes-Murray project had serious financial problems. That position, I have taken right from the beginning in testimony before the City Planning Commission.

It does have serious problems and the developers, I think, are very much aware of that, with some 14,000 square feet of commercial space which they have indicated to the Planning Comission and to Council they must rent at $11 per square foot. For rent, that is high, whether in Squirrel Hill or Downtown, or anywhere.

In addition, their intention is to place church facilities within the structure, costing $300,000 or in that neighborhood. That's an expensive burden to carry for a high rise for the elderly and I think that is a serious problem.

HUD has limited the rental per month to $300 per month plus 15 per cent which bring the amount to run between $300 and $340 per month. It is the planning Department's judgment, they are going to need somewhere in the neighborhood of $440 a month. All of this financial maneuvering they are going to have to go through is going to take time. It is somewhat speculative as to rental of the 14,000 square feet of commercial space. This is the problem the Mayor alluded to in his letter when he speaks of the ". . . question that the project is not financially feasible within HUD rent limits."

The second problem, there is no question, in conversations I have had with people opposed to this project, and in conversation with some on Council who have some considerations, that we believe the community is going to push this matter and challenge, both on the church-state question, and on other legal questions, whether this project should go ahead. This court battle, we should all remember, Forward and Shady, which is now over, that took six months before it could be resolved. This battle is much more serious. I think the legal question could be in the courts as long as three years. Now, again, it is something to look at. It is a concern; it is a problem in making the project pass.

All of this, plus deep divisions the Mayor spoke of in his letter, deep divisions within the community, within the Planning Commission, and within Council, over this project, poses serious problems as to whether or not this could go ahead within a reasonable time.

With other projects selected by the Planning Commission and the Mayor set forth in his letter of July 25th, we do not see those problems. On Cedar Avenue on the North Side, I know can go right away. Forward-Shady project, can go ahead. South Side, high rise for the elderly, can go ahead right away. I think we should use the limited resources we have, the limited units we have to provide housing for the elderly now, not two years from now. That is my position and I support fully the position taken by the Mayor.

Mr. Lucchino:

If HUD wishes to make the funds available, they had a letter that so indicated, and had allocated funds for the project at Forbes and Murray, they can do something. It is entirely out of our control and up to HUD whether they want to make funds available.

Mr. DePasquale:

Under the separation of state and church, we need clarification. Not too long ago, parochial schools and private schools were turned down on funds in the separation of state and church. Here, now, a church is being built with public funds in a high rise. We always have issues like this and it goes to the Supreme Court where it is ruled a conflict of interest. Why go through all this aggravation and loss of time when we have a ready-made project at Forward and Shady which the Mayor has gone along with, and I agree with it.

Mr. O'Loughlin:

That is precisely our position.

Mr. Coyne:

I would like to address myself to the issue of church and state. Sixth Presbyterian Church has already received notification from the Department of Housing and Urban Development. There is no conflict of interest, appar-

ently, in the church-state regulation, and that was brought out at the public hearing.

Mr. Mason:

As far as disturbance of the community, we are going to have this, as long as we are in this role of making it possible for people to have someplace to live, and other people say, yes, we need a high rise, or yes, we need more housing, but everybody says, not nextdoor, and this is what really bothers me a little bit. When we keep saying this, we are going to be stymied in providing housing, whether for the elderly or anybody else, when it is said, no, not nextdoor, so I just want to make that point quite clear.

Mr. Lynch:

I just might express my personal thanks for allowing Mr. O'Loughlin to speak.

I think it behooves this Council, and it does this Council credit, to hear anyone who has considerations to make on such a vital issue. I would have been deeply disturbed had the testimony contradicting his views been allowed to stand, unanswered.

The Chair:

All those wishing to override the Mayor's veto will do so by voting "Aye" and those opposed will vote "No."

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Stone
Mr. Coyne	Mr. Mason
Mr. Kamyk	(Pres't)
Mr. Lucchino	

Noes:

Mr. DePasquale	Mr. Lynch

Ayes 6 Noes 2

And there being two-thirds of the votes of Council in the affirmative, the objections and veto of the Bills by the Mayor were overridden.

Mr. Stone:

Mr. President, if I may, we have had our Housing Coordinator just speak relative to their efforts for housing for the elderly and I think we are starting to get a slight example of it and I think we are

misconstruing our intentions or purposes. We have created a situation where we put names on paper and avoid practical consideration. For example, these two projects approved today are two projects which the Housing Coordinator has very strongly advocated. This, now, is going into an area where we have three right across the bridge, three more, for a total of six. This would be seven, which obviously shows we have an overconcentration of housing in that area. That area is impacted.

It is also my understanding, having dealt with HUD authorities, that the Housing Coordinator was told those projects would not be funded because there is an overconcentration, an impaction.

It is also on paper, we offered to carry Carrick highrise, Sankey and Brownsville, but you will recall, in spite of major changes and major treatment at that intersection to improve traffic flow, this was not enough. I question whether that project was something of a practical attainment for us in the City and it was purely something on paper.

Relative to the South Side and for some reason or other, the Housing Coordinator always mentions the South Side project, it is no secret that HUD has indicated it has some environmental problems because of its closeness to the Brady Street Bridge, but I know of nothing the Housing Coordinator has done to persuade HUD that that project should not be environmentally opposed but I always hear, on paper, we mention the South Side project.

I think we need more than mention on paper. These projects coming through, if we are going to use the logic he used earlier, that he must get those projects which are practical and can be attained, we must not be talking out of both sides of our mouths and saying in this particular instance that we put it on paper. I do not think that is the way it should be done.

Which motion prevailed.

Mr. Lucchino:

Mr. President, with regard to the point I think Mr. Stone made, I think that that South Side highrise seems to be floundering along without anybody pushing for it. Council approved that unanimously. We were all in agreement. I think something needs to be done in that part of the City. It is a good site; there is no divisiveness and the community is for it. I would move the City Clerk write to Congressman Moorhead and Gaydos, both of whom serve Southsiders, requesting any suggestions they may offer relative to getting HUD approval for the South Side site for the high rise for the elderly.

Mr. Caliguiri:

Second the motion.

Mr. Mason:

Yes, if they can do anything to unblock what appears to be a floundering project.

Mr. Lynch:

I would amend that. The letter should be written by the President of Council, since it is going to these elected officials.

Mr. Lucchino:

I will accept that.

The Chair:

I appoint Mr. Coyne and Mr. Kamyk to escort Mayor Flaherty into the Council Chamber for the presentation of his Budget Message.

The Chair:

It is my pleasure to introduce Mayor Peter Francis Flaherty.

Mayor Flaherty:

Thank you, Mr. President. Members of Council, city officials, governmental officials and interested citizens of the City of Pittsburgh. As we begin the 1976

Budget process, the financial collapse of New York City continues to reverberate in shock waves throughout cities of this country.

New York's financial problems are a daily part of the evening news.

Just a few years ago, the greatest railroad in America went bankrupt.

Now the financial capital of the world appears to be on the brink of bankruptcy.

In Pittsburgh we have been affected by both of these events.

The Penn-Central Railroad paid almost $1 million in taxes to Pittsburgh in 1969 and since mid 1970 has paid nothing --- a loss to the City of $6 million.

New York City's fiscal problems have also had an economic impact on other cities, including Pittsburgh.

The loss of confidence by the banks and financial community in New York City is being felt in increased municipal bond and interest rates in cities throughout the nation. Some cities have been unable to get bids on their bond sales.

The rate of interest Pittsburgh has had to pay this year has increased.

For the first time many cities in America are reviewing their budgets and financial positions to determine if they have sufficient revenues to meet their expenses.

Cost-cutting and austerity programs are suddenly becoming very popular.

In this respect, Pittsburgh enjoys a unique position.

Our financial credit rating is high -- and we want to keep it that way.

For the past six years we have been on an austerity program during which we have been able to reduce taxes by $57 million.

At the 1975 U. S. Conference of Mayors, the President of Chase Manhatten Bank cited Pittsburgh's fiscal policies as an example to be followed by other cities.

But let's not kid ourselves. Inflation has caused all of our expenses to skyrocket — wages, fringes, energy, supplies, equipment, — you name it.

In order to balance the 1976 Budget $16 million of new money is needed.

The 1976 Operating Budget is $128.5 million. Current revenues are estimated at $107 million. The $5 million surplus will provide a total of $112 million. This requires $16 million to be made up in new money in order to balance the 1976 budget.

As I talked to many individual Council members you have asked why we need so much additional revenues?

You have good reason to ask why.

Let me cite the reasons to you.

At the end of 1974 the City had accumulated a surplus of approximately $12 million.

However, during this year, current expenses exceeded current income by approximately $7 million. Money for these additional expenditures was provided by the $12 million surplus. We will end the year with a surplus of $5 million which is needed to pay bills before 1976 tax revenues are received.

Here are some of our major increases for 1976:

- - - As a result of rate increases electrical power and other energy costs are up $1.3 million over 1975.

- - - As a result of arbitration and employee agreements Blue Cross and Blue Shield medical fringes are up $2 million over 1975.

- - - Motorized equipment will increase from $500,000 to $1 million next year.

- - - Court ordered real estate refunds resulting from assessment appeals have increased from $1 million in 1975 to $2 million in 1976.

- - - Premium pay for holidays, court time, overtime and longevity will increase our payroll by $2 million in 1976.

- - - Actual wage increase to all em-

ployees, including police and fire arbitratioon, but not including fringes, will cost an additional $5.4 million in 1976.

- - - Then, too, there are increases in costs of supplies. Gas, diesel fuel and auto parts will require an additional $300,000. Water chemicals are up $150,000 next year.

- - - Inflation and problems related to New York's fiscal problems have caused interest costs to rise rapidly. Debt service costs will increase at least $2 million in 1976. However, $1 million of the Sinking Fund will be used to reduce the debt service.

Council enacted tax cuts for 1975 which exceeded my recommendations by $3 million. In addition, Council appropriated $1.4 million more than was estimated in revenue for the year.

Obviously many items in the City budget have increased. It is well for us to remember that although we try to be efficient, the pressure of inflation has been relentless.

Before we raise the $16 million needed in new money you have reason to ask is there any fat in the budget? What cuts and savings have been made in the 1976 budget?

I have eliminated 243 positions -- which were in the 1975 budget -- at a savings of $2.5 million.

There are no demolition funds in the 1976 Operating Budget.

In 1975 the Operating Budget provided $650,000 for demolition. In 1976 $350,000 for demolition will be paid from Bond Funds and another $600,000 for demolition from the Community Development Fund.

In addition $1.4 million has been transferred from the Operating Budget to Bond Funds for costs such as asphalt and other building materials that can be properly classified under capital improvments.

The North Side refuse contract which exceeded $1 million annually has not been renewed. Instead I am proposing to add 55 positions in the budget at a cost of $700,000. This will provide better refuse pick-up at a cost-saving of $250,000.

We have reorganized the Bureau of Fire to eliminate No. 7 Engine Company in the Strip District at a savings of $365,000.

I am determined that the City of Pittsburgh will not become another New York, or even slip to the brink of financial crisis like many other major cities in the United States.

Sixteen million dollars of new revenues are required in 1976 to balance the budget.

To achieve this I am proposing a one percent wage tax which will produce $11.6 million and a twenty percent increase in the water rates, which will produce $1.9 million dollars. In addition, I am requesting $2 million from the Parking Authority.

These revenues, when added to the amount of $1 million dollars anticipated from the sale of our water property will provide a balanced Operating Budget for 1976.

We are an older City with a large population of senior citizens and I would prefer not to raise the real estate taxes on those who live on fixed incomes and also suffer from high inflation.

For three years we have been without the wage tax. Every community surrounding us has a wage tax. This means that our residents who work in these surrounding communities have been paying a wage tax where they work, but not to us. Their wage tax payments will now be shifted to the City of Pittsburgh.

The water rates should be increased because they are far below the rates charged in surrounding municipalities by Western Pennsylvania Water and there has been no increase in our water rates for over six years.

By increasing the water rates to City of Pittsburgh users we will at the same time reduce the annual subsidy paid for those City residents in the eight City Wards served by Western Pennsylvania Water.

The Budget which I am presenting to you today makes no allowance for contingency funds or unfilled vacancies. Every dollar will be needed to maintain

our fiscal stability.

The revenue projections which form the basis of this budget have been carefully estimated and there is no room in the budget for abitrarily increasing or inflating revenues.

You will notice for example, that for the first time in five years there are no vacancies in the Bureau of Police and that the number of vacancies in the Bureau of Fire has been reduced to less than a dozen.

In arbitration and in bargaining with employee representatives we have cautioned that it will be necessary to make lay-offs, cut-backs and furloughs unless adequate revenues are provided for the year 1976.

Pittsburgh's greatest assest today is its fiscal integrity.

To destroy it or to undermine it will reduce the confidence of the people and business interests in City government at a time when such confidence and reassurance is most needed.

We need only to look to the bitter experience of other cities this past year - New York, Cleveland, Detroit and our close neighbor McKeesport -- to understand the importance of providing the revenues needed to assure our fiscal stability.

I have given you the bad news first. Now let me give you some good news. In 1975 many improvements were accomplished.

Some of the 1975 highlights are:

- - - 54 miles of street improvements compared to 12 miles in 1969.

- - - 2 new fire stations were completed in 1975.

- - - 2 new ice skating rinks were opened this year.

- - - A new swimming pool in Leslie Park and new ballfields in Homewood, Overbrook and Allegheny Commons.

- - - A site for a Common Market near Allegheny Center has been opened for public use, including garage sales and flea markets and efforts are continuing to establish a Farmers Market there.

- - - The old Pa Pitt Program was expanded and got a fancy new name -- Environmental Control Program -- and removed 36,000 tons of junk and debris from City neighborhoods -- an increase of 50% over 1974.

- - - A grant from the U. S. Department of Labor enabled the City to provide summer employment for almost 8,000 high school and college students in 1975. The largest number ever employed in the City's history. However, most of the supervisory, clerical, accounting, medical examinations, recruiting, testing and placement was supplied by City forces at City cost.

- - - A Consumer Advocate was appointed to assist City residents on consumer complaints and work with other area consumer agencies and the City Law Department in opposing rate increases.

- - - An Emergency Ambulance Program was started this year with the operation of five mobile intensive care ambulances. More than 2,000 City residents have received emergency medical care through this program.

- - - The Regional Industrial Development Corporation was requested to make a study of Herr's Island for an industrial park development which could produce a tax base of $30 million and up to 2,500 jobs.

- - - A study is being made with the cooperation of the Chamber of Commerce to determine the economic feasibility of holding a World's Fair in Pittsburgh early in the 1980's.

- - - This past year we offered advice and encouragement to officials of the Jones and Laughlin Steel Corporation to stay in Pittsburgh. It will keep its operations in Pittsburgh thereby preserving thousands of jobs for area Steelworkers.

- - - We successfully assisted the Penguins and Triangles in staying in Pittsburgh.

- - - In preparation for the City's Bicentennial celebration, a Bicentennial Committee was appointed to develop

plans for neighborhood festivals in 1976. In conjunction with the Golden Triangle Association and civic business leaders a Bicentennial Kick-off celebration was held in Downtown this past Fourth of July and attracted one of the largest celebrations in the Nation.

- - - The Pittsburgh Public Theatre was opened with the aid of City funds.

- - - The Office of Animal Control Coordinator was created this year to assist City residents with animal control problems.

- - - The Homewood Branch of the Carnegie Library was renovated at a cost of nearly $100,000.

- - - The 153 unit mid-rise for the elderly in Glen-Hazel was dedicated this past year. The cost of this project was $3.1 million.

- - - The Official groundbreaking was held for the new $1.8 million shoping complex to be located in the Hill District.

Federal Manpower funds together with City funds were used to re-glaze and restore Phipp's Conservatory.

Unlike most other cities, Pittsburgh has elected to share its federal manpower grant. Almost 500 individuals have been placed in transitional jobs with Goodwill and other non-profit organizations throughout the City. Through the Comprehensive Employment and Training Act (CETA) City residents and senior citizens are working in academic institutions, social service agencies, cultural centers, medical facilities and media - related companies to enhance the quality of services available to City residents.

Despite the fact that crime was on the increase throughout the nation our City continues to be cited as a low crime, safe-streets area and our crime statistics are running far below the national average for cities of our size.

Even though 1976 will be a difficult year financially for this City we are not sitting still but planning and building for the future.

The 1976 Community Development Program has been forged after numerous neighborhood hearings which will provide $16.9 million in improvements throughout the City. Included are programs for housing, senior citizens, recreation, commercial loan repairs for small businesses and mortgage guarantees.

The City will also embark on a $41 million capital improvement program to renovate and rebuild many of our streets and City facilities.

- - - The Housing Authority of Pittsburgh has received a grant for the Arlington community of $660,000 for services and $1.8 million for physical improvements to be made over the next two years. They include conversion of one building into a multi-service center which will include a health clinic, laundromat, and food co-op among other services.

- - - The Parking Authority has entered into an Engineering contract for the design of a 475 space multi-purpose garage located in the Forbes - Semple area of Oakland. Funds have also been allocated for four neighborhood parking lots with a combined capacity of 225 spaces.

Construction of the City's new Convention Center is expected to begin in 1976.

Market Square will be renovated with cobblestone streets in a colonial motif.

We begin 1976 under a new City Charter which hopefuly will provide for greater flexibility in City government.

You will also notice that there is a narrative description of each department and statistics on the 1975 performance of each department so that the public will know better how their tax dollars are spent.

As you will notice in going through the 1976 Budget I have made provisions for a separate Department of Police and separate Department of Fire. The old Department of Public Safety has been eliminated. Other functions have been moved. Building Inspection -- has been placed within the Department of Lands and Buildings, which is the more logical place for it.

During the past six years my Administration has accepted successfully many challenges — economic and administrative.

We have worked hard to ease the tax burdens on the people of Pittsburgh -- an achievement reached by few other cities.

In 1976, we will face, perhaps, our greatest challenge as we find the economic realities of the times catching up to us.

I am confident that we can meet the future problems with the same determination and responsibility that we have in the past.

I have faith in Pittsburgh, its people and its future.

With your continued cooperation Pittsburgh will continue to grow and prosper.

The Chair:

Thank you, Mayor Flaherty.

Mr. Caliguiri moved

That Miss Balinger be excused from this meeting.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

Mr. Lucchino:

I vote on all Bills except Bill No. 3487 which is the Bill dealing with the day care. I am not opposed to day care in any form. My opposition is to excess funds being on day care under this program, $3,200 per child, per year. I think we could give many more children, twice as many children, if we did it at half the cost. And I haven't seen any justification for this amount.

Bills 3482 to 3488 are Bills dealing with the four and a quarter million dollars that we are allocating to the Manpower Program. We were promised an evaluation by Mr. Rogers and have yet to receive that.

Mr. Mason:

You have not received it?

Mr. Lucchino:

No.

Mr. Mason:

I got a copy. We all got a statement before last week's meeting.

Mr. Lucchino:

All we got was just the outline of the Bills and what they meant. That was not the independent evaluation or the evaluation that was done on a quarterly basis by the Manpower office. Those are two separate items.

But this four and a quarter million dollars, I think we should determine if we are effectively using the funds or not. Or are we just spinning our wheels on that.

The title of the bill was read and agreed to.

Mr. Kamyk	(Pres't)

Ayes 9 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

An Ordinance entitled, "An Ordinance AUTHORIZING the Mayor and the coordinator of the Community Development Block Grant Fund to enter into an Agreement with Montefiore Hospital for the operation of the Comprehensive Dental Project for the period January 1, 1976, through April 30, 1976, in an amount not exceed $125,000.00, which sum shall be chargeable to and payable from the 1975 Community Development Block Grant Funds."

Which was read.

Mr. Lynch:

I would like to move to recommit Bill No. 3489 on the request of certain members of Council. I would like to know what is going on here, since it is my committee.

Mr. Caliguiri:

May I?

Mr. Mason:

Do you know what to explain?

Mr. Caliguiri:

The reason being is that we are finding out that this money is coming out of the Unspecified Funds.

Mr. Lynch:

Who are we quoting? The Bill says it is coming from Community Block Trust Fund.

Mr. Stone:

That means it can't, not as it is right now.

Mr. Caliguiri:

But there is no money, and the Planner, Ray Reaves, has now indicated that it was Unspecified Funds.

Mr. Stone:

Yes, but can it unless the ordinance so provides?

Mr. Caliguiri:

This is the reason why we want to recommit it. There is no Trust Fund money that it is available for.

Mr. Stone:

We have Mr. Carlton, with Model City, who says that this is where it is coming from. And now, we have Mr. Reaves, who is not saying what is what.

Mr. Lucchino:

It seems to me to be the case. When I found out, and I called Ray Reaves, and asked him what was going on, he told me that this was reprogramed money from unspent money in the C. D. Budget, but that HUD disallowed that as of last Friday. He wanted us to amend it today, to make it Unspecified Funds, and I suggested that I wouldn't be in favor of that. Then I talked to Mr. Caliguiri. We decided to recommit the Bill so that he could come and explain it to us.

Mr. Stone:

I don't know that there aren't any funds because it was represented to us by Mr. Charlton that there is. The Bill says it is coming from Trust Funds which means it is coming from Trust Funds and it cannot come out of Unspeified Trust Funds.

Now, that is where I see it laid. It may be with no funds at all, but nevertheless, it seems to me that we have to deal that way with the head of the Department.

Mr. Mason:

That's precisely because we either vote it up or we pass it. We want to have the funds, so we want to go back to the Finance Committee for this information.

Mr. Caliguiri:

There is no funds where we are taking it out on this ordinance.

Mr. Stone:

It doesn't call for a withdrawal of Unspecified Funds.

Mr. Caliguiri:

But if we approve this, there will be no money in this so called Trust Fund.

Mr. Stone:

That is just like voting it down?

Mr. Mason:

Not necessarily, not until it is explained.

Mr. Caliguiri:

We thought we would get Mr. Charlton to tell us exactly where this money is coming from.

Mr. Stone:

Thank you for the explanation.

Which motion prevailed and Bill No. 3489 was recommitted to the Committee on Finance.

Also,

Mr. Caliguiri:

Mr. President, I move that Bill No. 3464 be amended by substituting "payable from Community Development Block Grant, Unspecified Local Options" in lieu of "payable from 1975 Community Development Block Grant Program Trust Fund."

This is the sidewalk contract that was explained on Wednesday.

Mr. Stone:

Do you recommit that? We have been watching closely, Unspecified Funds. The way we are doing it now, we ought to watch Unspecified Funds to get the best use out of it.

Mr. Caliguiri:

I agree to having it recommitted.

Move we recommit Bill No. 3464.

MOTIONS AND RESOLUTIONS

Ms. Ballinger:

As you all know, the fact that I was away attending the National League of Conference Convention and wasn't here for the vote on the Housing Project. I know that my vote cannot be counted. But I would like to say that I would have voted yes on Forbes and Murray.

Mr. Mason:

That's on the Bill?

Mr. DePasquale:

If I may, while we are on the subject for the elderly. Council affirmed to that site 7-2. Now the Mayor has vetoed Council's choice, and we were told that to override the veto we needed at least six votes.

I am curious though, City Solicitor upheld the Mayor's decision and said that seven votes are required, do we proceed? Is the project dead or alive? What is Council going to judge on?

Mr. Mason:

We have a terrible conflict right here. It is really a sad situation. We voted on that Bill.

Mr. DePasquale:

People are coming to me asking me what happened. We passed the Bill; is that not correct?

Mr. Mason:

Regardless of my sentiment, I can't understand, we voted against the veto to sustain the original action.

Does anybody have any idea?

Mr. DePasquale:

Is the City Solicitor's word the last word? You get five attorneys, you get five different opinions. We have six votes, two-thirds, which would be in this case enough to override a veto.

Mr. Caliguiri:

We have to go to a 7-2 basis because that was the original vote; is that correct?

Mr. DePasquale:

Again we had better get it straight.

Mr. Caliguiri:

Developer have the opportunity to take the opinion of Court.

Mr. Lucchino:

I just think that Mr. DePasquale and Council should take the position that the veto is overridden and that should be our sentiment, and let everything fall in place after that.

Mr. Depasquale:

Yes, but when we can't. As far as I know, we voted on the veto.

Mr. Lucchino:

I'm just going to take the position that the Bill is passed, we overrode the Mayor's veto, and that's it, and there is nothing more for us to do.

Ms. Ballinger:

I would like to add, Mr. Perry called me Saturday night and told me of the situation. We discussed the situation and because you had the necessary six votes, he didn't think I should fly back.

Mr. Mason:

Yes, we had the necessary votes.

Ms. Ballinger:

Yes, or I would have flown back.

Mr. Mason:

And I think he was right to give you that suggestion.

Mr. Depasquale:

The veto was overriden. I think we should go along with that assumption.

Mr. Mason:

What do we have?

Mr. Stone:

Relative to the present Bill of the

override, I think the express language indicates very clear what the vote is to override the Mayor. That override has been accomplished by the required amount. Subsequent to our vote, our City Solicitor has decided to make some strained and strectched interpretations so as to agree with his superior. I find this most regrettable, and I agree, a law suit will have to resolve it. But, I think, me for one who has never taken the Solicitor to task in the past, henceforth, will have to view his legal interpretations, since they now are decided on what results you want rather than the legal interpretations. We will have to look very very carefully of any interpretations of this City Solicitor in the future.

The Mayor's veto was overriden by this particular Council. It is most regrettable. However, when we are dealing with a matter relating to housing for the elderly and dealing with a project that is so much a high priority.

When you are dealing with a project that did have in the financial analysis, Planning Commission's approval. When funds are available for it, from a source that will give the money, it would appear to me that we would not have to require to go to Court.

And that, if that has to be, let it be, but I am concerned because it is very clear that we have overriden the Mayor's veto, and that's the way I look at it.

Mr. Caliguiri:

This is a clear cut situation where it now points to the Home Rule Charter coming into effect within the next three weeks. Council should get and select its own Solicitor, and the Charter will give us the prerogative to do that. I think this is something we should be thinking about now and over the next two weeks. As soon as it comes into effect, first Monday in January, we should try to make that selection.

Mr. Mason:

I don't know where we go from here. There was a passage of the Bill. To override, we needed a simple majority to veto.

Mr. Depasquale:

Continuously, it has been the same way. Two-thirds the veto is required to override a veto.

Mr. Lucchino:

Last week the Mayor forwarded a resolution to appoint Sister M. Rosita Wellinger as a member of the Planning Commission. I request the City Clerk ask her to come to Wednesday's meeting.

Mr. Lynch:

I would also request, Mr. President, if this is an appropriate time. I asked the Parking Authority to give their latest financial statements to Council about information dealing with whatever assets that were cancelled or otherwise, in the Parking Authority. I got a lengthy letter, well-written, and a financial statement dated 1974. That's not really up to date; is it?

I would like it if Mr. Wozniak would be asked to Finance Committee session to demonstrate to him the necessity of the City legislature to have the most up to date filing he might have, in order that we might construct the Budget intelligently.

Mr. Mason:

Mr. Perry will take care of that.

Mr. Stone:

I would just like to mention to members of Council. We have said time and time again that we shall have no more non-city residents. This is the last time that we will appoint a no-city resident. I would like to bring to the attention of City Council that Mr. Pete Dozzi is a non-city resident. We have another one coming in about a week, who is a non-city resident. I think two, possibly three out of the Stadium Authority are non-city residents. We have many who are non-city residents. And out of 500,000 people, we can't find City officials who are residents of the City.

We have non-city resident officials who have the authority to increase our debts, to cause our citizens to pay more monies, and we are using non-city residents for that. I say in advance, it is time for us to draw the line. We ought to be able to have our own choice on

these committees which are dealing with City funds.

Mr. Mason:

I appreciate that, because, you know, there are several community organizations which are going to come before us in terms of requests.

Mr. Caliguiri:

MOTIONS AND RESOLUTIONS

Ms. Ballinger

I would like to ask a question on Bill No. 3489. This is where Mr. Reichstein asked for and Mr. Stone wasn't present, due to circumstances beyond his control. I wish he would give me a little enlightenment on that as to why?

Mr. Stone:

First of all, the Bill was submitted by the Administration, and Mr. Charlton indicated there was funds to cover these items. Subsequent to that, we we had a Housing Sub - committee hearing and some discussion at the Finance Committee Meeting, in which it was represented to us that they were to reapportion the funds under the Community Block Grant Trust Fund.

In addition to that, City Council has always been watching very very carefully the Unspecified Funds. Because City Council put that particular contingent arrangement into the Community Block Grant Trust Fund Program. It has been the feeling of City Coouncil that this should not come out of the Unspecified Fund. It were represented to us that Model Cities and that there could be a reapportioning of the funds under the Trust Fund. We are at this time somewhat behind in reaching our goal. It would appear that we would have to reapportion what is involved in the Trust Fund acount so that these provisions, if they are to be considered priority, can be accomplished.

Ms. Ballinger:

But, the Fund will run out. How would they be payable? Is the Authority Fund to withdraw from the Trust Fund?

Mr. Stone:

It is true, presently, there isn't any additional monies in this Fund. But, they have the money available. They are behind in the maintenance of their goals to carry out the results of the other programs under the Trust Fund. And, therefore, it is time to reappraise it, and see that this can come from the Trust Fund. The authority is there to do it.

Mr. Caliguiri:

Does that clear things for you?

Ms. Ballinger:

I would like the same explanation from you on Bill No. 3464?

Mr. Caliguiri:

I would have to say that the explanation is probably similar to what Mr. Stone stated. The rationale is that there are a number of programs within the Community Block Grant Trust Fund. We feel in Council that they will not utilize all the monies in all these programs. In that event, there is nothing wrong with the Home Loan Repair Fund, and signing the Public Works Bill or the Bill that Mr. Stone presented this morning. So they can get the money out of those programs that will extend all that they were assigned with. They can go back into the Block Grant program and find the money. And I am sure that they will be able to find it.

Ms. Ballinger:

Do you mean that they will have to find it in another account?

Mr. Caliguiri:

Within the Block Grant Trust Fund.

Any other comments?

Mr. Stone presented

Bill No. 3581. RESOLVED, That the appointment of David L. O'Loughlin of 910 Grandview Avenue, Pittsburgh, Pa. 15211, is approved and confirmed as a member of the Housing Advisory Committee of Southwestern Pennsylvania Regional Planning Commission, effective immediately.

Which was read.

Also,

Bill No. 3582. RESOLVED, That the appointment of Shalom D. Comay of 460 Nixon Road, Cheswick, Pa. 15024, is approved and confirmed as a member of the Housing Advisory Committee of Southwestern Pennsylvania Regional Planning Commission, effective immediately.

Which was read.

Mr. Stone:

In connection with Southwestern

Pennsylvania Regional Commission, they are presently setting up in order to comply with the current HUD program, the appointment of a Housing Advisory Committee. And the present proposal for appointees that we have is Mr. David L. O'Laughlin, as the City Housing Coordinator, and also one City resident participant, Mr. Shalom D. Comay. And I think Mr. Comay is no newcomer to City Council having served in the Housing task force. He has been very active.

This committee is committed in preparing for subsidized housing construction in this particular region. And will be allocating plans that will be used by HUD as a standard of housing plans presented by the local Block Grant program.

The Southwestern Pennsylvania Regional Planning Commission's plan also provide the agenda for HUD's use in judging the appropriations necessary and the priority necessary for various locations. That is one reason why it is an important Committee. And what we are is one individual representing the City. And the other reason comes from the Commission itself. City Council is the appointing source for these two. I, therefore, move the appointment.

Mr. Lucchino:

I just want to say that I have no objections to these two people. They are very knowledgeable in the area. I just would like to raise some voice objections to Southwestern Pennsylvania Regional Commission. And that is that they have another arm now. And that is Housing Committee.

Planning is involved in sewage, business, environmental stuff, highways, mass transportation, and now what happens before we can get anything done in all of these areas, Housing is now added. We have to get the sign off of these people. I think we have 27 Commissioners; City Council has only four of those votes.

I am in favor of Regional Planning in some areas. But I think that Southwestern Pennsylvania Regional Planning Commission is becoming like an octopus. And soon before Government can make any judgement, they are going to have to go before 27 people who are not even elected. And I think that any more, it seems, everything will have to be allocated to them. And that is where the problem is going to arrive.

Mr. Caliguiri:

Who gives them the authority to act?

Mr. Lucchino:

Federal Government does.

Mr. Stone:

Mr. Lucchino has voiced what I likewise share, and have already expressed as to how far this will go. And I would like to explain at this time the SWRDC. We presently have six counties involved. And while at the outset, I had some misgivings about how six county officials would get along with their own specific selfish interests. I am very fortunate to say that today I found that they have been able to work very very well together.

I think that this will help tie in the western part of the State of Pennsylvania to form a collective unit in getting State allocated funds and Federal Funds. In the long run, it will be to our benefit.

We will watch that this does not become a bureaucracy. And if we find it so we will report to Council, and do whatever we have to do at that point.

Mr. Caliguiri:

As of yet, do you see any sign of bureaucracy?

Mr. Stone:

Not yet. We are cautiously watching to see who would be our next representative in the long run.

Mr. Depasquale:

If these two were approved, what would be the City's membership?

Mr. Stone:

Before we get into this, let me explain. This is purely the Housing Advisory Committee, where every conuty and the City of Pittsburgh has two members. Ordinarily, we should come under the Allegheny County allotment. The City is being treated at the level of

County.

Heretofore, there was only one representative that's me! Having been elected by City Council to represent the City. My motion got four appointments for the City of Pittsburgh. One will be the Mayor, one will be the head of Planing Commission, one will be from City Council and the fourth one will be a citizen, to be appointed by Council.

We will have an equal status with a County once this is approved. Technically, they are trying to work out some kind of program as to how. Right now the Administration will appoint two; City Council will appoint two. We are trying to get around the language problem. And once that is over, it will be submitted to all for their approval.

Mr Caliguiri:

Any other questions?

Mr. Depasquale:

Could we waive the two weeks waiting period for these two?

Mr. Caliguiri:

I think so. They are not elected.

Mr. Stone:

I would move that we waive the two weeks waiting period, and vote presently.

Mr. Depasquale:

Second the motion.

Which motion prevailed,

Mr. Stone:

Bill No. 2652, it is a Resolution approving the sale of property, 13th Ward by and between Urban Renewal Authorities and Lhomer Real Estate Agency, Inc. I now move that the City Clerk place on the agenda for reconsideration Bill No. 2652, December 17, 1975.

Mr. Lucchino:

Second the motion.

Mr. Stone:

I have one more. Wednesday it was suggested that we do it here today. It has been the practice of this Administration to transfer one employee from one department to another. And maybe this might be considered a better way to do it. But, from my present understanding, it is not the way it is properly done.

In other words, we have a requirement that each department must certify that each employee has to work for salary purposes. It, therefore, gets us to a point that we would need both to certify for salary certification. This Council is a check and balance unit of the City of Pittsburgh. And we could not possibly carry out that function if we do not know where a particular employee is. And in view of that I would, therefore, move that if any employee is being moved from one department within the City of Pittsburgh to another, then City Council should be notified in advance of such assignment.

Mr. Caliguiri:

When you say transfer, you are not talking about payroll transfer are you?

Mr. Stone:

I am talking about when someone is working out of their department for another department. That way we don't know unless we have some notice of it. Purely a notification that someone is on an assignment out of their department.

Mr. Caliguiri:

Does that make it clear to all members of Council?

Mr. Lucchino:

Second the motion.

Which motion prevailed,

Mr. Stone moved

That Mr. Mason be excused for absence from this meeting.

Which motion prevailed.

Mr. DePasquale moved

That the Minutes of Council of Monda, December 8, 1975, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

Which was read.

Mr. Stone:

I vote 'aye' on all bills, with the exception of Bill No. 3566 for the following reasons:

Mr. President, if you will recall this involves the dog collection. And this particular individual and company had been working for the City of Pittsburgh for some seven years.

The contract was terminated prior to its actual contractual expiration date. It was admitted that never were any written objections sent to them and/or asking them to correct anything.

It is my understanding that this was put out on bid, and this particular subcontractor had come in with a bid of $75,000 less than the other bid.

In addition to that, there has been no clear expressed alternative to our dog collection at this time, other than we say that the other one hasn't done the proper job. In view of that I think the whole situation is a slipshod arrangement and a stab in the dark. And I think that somewhere there should be expression against it. I am opposed to it.

In addition to that, I think that there is one additional factor. This subcontractor was engaged, for some seven years. He trained employees to carry out the functions. And right now the City of Pittsburgh is attempting to take away his employees. What we are doing, as a City Governmental Agency, is attempting to destroy an actual private business. I don't think that's the kind of thing that government should do, particularly this administration.

I am in favor of creating a favorable climate for business in the City of Pittsburgh. I register my objection for Bill No. 3566.

MOTIONS AND RESOLUTIONS

Mr. Lucchino:

The Governor has signed the Bill Apportionment Commission for the School Board. I thought it would be worthwhile to discuss the procedure that we would follow.

The Bill only gives us 15 days within which to make a decision. And, if we don't, the Court of Common Pleas will make the decision for us. I prefer that we make it rather than the Court.

That gives us until January 3, 1976. Unfortunately, it comes during the budget time. But, we have no choice. And I wonder what procedures we are going to follow. I mean, we should invite citizens who are interested to submit their name to us, and let us make a decision about this.

But, if you will look at this, it has to be passed on a Monday. January 3, is on a Saturday. So, the only Monday we have is next Monday. And that is a short period of time.

Mr. Caliguiri:

Since this is Monday, we will give the people a week to submit any names. We will come back next Monday and prepare to possibly nominate and appoint the three choices that City Council has. Council has three; the Major has two, he is prepared to make his two choices, and the borough of Mt. Oliver has one; a total of six.

They must have a report in January 6, 1976, in order for this to get on the ballot for the May primary. I would suggest that we be wise about our choices.

I would also suggest that if anybody wanted to submit to do so, and we prepare to vote; if we are prepared.

Mr. DePasquale:

How do we do this other than by mail? It would be rather difficult to advertise.

Mr. Caliguiri:

I am hoping the press will pick it up.

Mr. Stone:

I would move that we set a date right now. And that we invite the citizens in to tell us why they think they are qualified to be selected for this particular position.

The School Board has become a kind of political football, and I think we ought

to be very cautious in our appointments. It is not a matter where there is no money or too much overall good of the school system, but I think we ought to exercise a little more caution.

If we meet next Monday, we must call a special meeting. Let's have a meeting on Friday.

Mr. Lucchino:

You mean you want to have a session this Friday and vote next Monday?

Mr. Stone:

Yes, that's Friday.

Mr. Caliguiri:

If we have until January 3, 1976, maybe we could schedule a special meeting for January 2, 1976. We would have pretty near 24 hours.

Mr. DePasquale:

What about the new Council members?

Mr. Caliguiri:

That doesn't come into effect until January 5, 1976. They will be eligible January 5, 1976. Everybody here is eligible until January 5.

Friday will be the day we will meet for the Legislative Session. We can recess our next Monday meeting to Wednesday, because we have the budget before us. However, we can move to recess that up to Friday.

Mr. Stone:

I move that we have the Public Hearng next Tuesday, December 30, 1975, at 10 a. m.

In order that we may hear people tell us about their desire to serve. And why they feel they should be selected.

Mr. Caliguiri:

I would like everyone to understand that these are not the election appointments for the School Board Commission. They will be in existence for less than a month.

Mr. DePasquale:

We understand, but we still have to choose three people.

Mr. Lucchino:

I second the motion.

Mr. Caliguiri:

So next Tuesday at 10 a. m. we will hold a Public Hearing in lieu of the School Board.

Which motion prevailed.

Mr. Stone:

I would just like to make one more remark. I have said, we all have said that on many occasions that this would be the last time that we give a waiver for employment in the City of Pittsburgh. The last time that we said it was supposed to be our last time. I am just reminding you in advance. I am telling you that my vote will be against it.

Mr. DePasquale:

The Refuse people over on the North Side are hiring some people to take over the North Side collection. And some of them live outside the City of Pittsburgh. And we are asking them to come back in.

Mr. Stone moved

That Miss Ballinger, Mr. Lynch and Mr. Mason be excused for absence from this meeting.

Mr. DePasquale moved

That the Minutes of Council of Monday, December 15, 1975, be approved.

And on motion of Mr. Stone,

Council adjourned.

Which was read.

Mr. DePasquale moved

The adoption of the resolution.

Which motion prevailed.

Mr. Caliguiri:

I comply with the Mayor's desire to have Friday off in lieu of Lincoln's birthday.

Mr. DePasquale:

We are all aware of the actions of some of the football fans during the last couple of weeks. And on one occasion one fellow was hit with a snowball. And I believe that one of the officials was hit with a bottle in the Minnesota and Dallas game. He could have been killed.

I just want this to go on record as sort of a request appealing to the Pittsburgh fans attending the game this Sunday, not to act in that manner.

Down through the years, I would have to say that the Pittsburgh fans have been great. I have to say that for the most part the fans of Pittsburgh have been orderly down through the years in sports.

When one City has an occurrence it seems to happen in another City. I hope that nobody in the City of Pittsburgh stoops to that level.

Mr. Caliguiri:

I, for one, feel as you do.

Mr. DePasquale:

I would like to put in an appeal or request. Let's make them aware of our feelings.

Mr. Caliguiri:

That we would like them to act as they have acted in the past. And I want you to think about this elected School Board business.

The title of the bill was read and

his unique way of informing City Council that the next meeting would be at another date will far surpass any other words. Walter's "yes's" were always "yes" but the "no's" were always confusing. But his untiring work will be missed, but not the smoke from that wretched cigar.

Which was read.

Mr. Caliguiri moved

The adoption of the resolution.

Which motion prevailed.

Mr. Mason:

It is my pleasure to have the honor to present this in behalf of your colleagues. We hope you will find it useful in your studies.

I know that you are going to be on our backs, and on the telephone. And we look forward to it. You have been a great help. And the experience we have gotten from you in the Legislative Meetings over the years have been a great experience, which you brought City Council.

We wish you the best in behalf of all of us here.

Mr. Kamyk:

Mr. President, Councilwoman, and Councilmen:

I don't feel too good that I am retiring, but I think it is all for the best. Because I am not in as good as shape as I used to be. And I have not been as active as I used to be.

However, I thank Ms. Ballinger for that beautiful Resolution. And I thank the rest of you for approving it. And I thank you for that gift that I will remember for a long time, and I will have it in my home.

I am especially pleased when I say that as Chairman of the Lands and Building Committee that during my time over 3½ million dollars worth of tax-free property has been put back on tax rolls through the efforts of Lands and Building Director Harold West, and Paul Evers, who is an expert in appraising. And I was very proud in being Chairman of the Committee where I had such good people to help.

And as a result the property went back on the tax rolls, and the City collected more taxes, and the county collected more taxes, and the School Board collected more taxes, which was a good thing.

I did the best I could. And for the end, I wish you all a happy New Year. And I hope that you will continue to do as good of work as you are doing.

Mr. DePasquale:

I just want to say that in 1971, I had the privilege and honor of running with Mr. Kamyk. In my campaign speeches I would promptly say, "to know Walter, was to love him." And I haven't changed my opinion since then.

I am very sorry to see him go. God bless you.

Mr. Lynch:

You are all acting as though he were dead.

Ms. Ballinger:

He is very much alive. I kissed him this morning.

Miss Ballinger presented

Bill No. 3623. WHEREAS, people leave their jobs for any number of reasons. Often it's a better opportunity elsewhere or a fatter paycheck, but with Jack Lynch he was elected the Controller of the County where he stated in his acceptance speech that he would be the "Watchdog" of the funds because he had a big mouth and the only big mouth dog I know is a St. Bernard; but he is not a saint, but being a large caliber of a man he always welcomed suggestions (AT TIMES), and

WHEREAS, he was unselfish (AT TIMES) but played the game in a big way. His success is ours, too, and if he could have half of his wishes he would double his troubles, but he will make his decisions in arrogance because with arrogance one never notices anyone's mistakes.

Mr. Caliguiri moved

The adoption of the resolution.

Ms. Ballinger:

As time goes on Mr. Lynch. I know that with that big mouth of yours you will have a lot of time to talk.

Mr. Lynch:

It has my name on it and everything. I want to congratulate Council for spelling correctly.

I would like to give you my thanks, and say that I particularly hope that Ms. Ballinger gets a lady's room.

Other than that, I will look at the clock and set it 10 minutes fast so that I will have the right time when you start the meetings.

Thank you very much.

Mr. Kamyk:

Mr. President, I would like to add that the employees of City Council are very dedicated employees. They are doing a real good job. And I also wish them a happy New Year.

Mr. DePasquale:

Mr. Chairman, if it is appropriate, I would like to state that facts reminded me of when I was discharged from the United States Marine Corps. They said it would never be the same without me. City Council will never be the same without Jack. And I mean it.

Mr. Caliguiri:

Neither will the Controller's office.

Mr. DePasquale:

I move that we adjourn our last meeting of 1975.

Mr. Lynch:

This will be the last time I will address this body as Finance Chairman or as one of its members. Accordingly, I feel some compulsion to summarize briefly, not merely this year's budget but to look at the past years and perhaps briefly set forth my own ideas as to what the future might bring.

This year's budget is for a total of 128½ million dollars. Council has generally gone along with the Mayor's Budget requests, especially in the area of restoring the one percent wage tax and increasing the water rates by 20 per cent. We have also made some additions and deletions, which, in our collective judgment will help better provide for essential services in the coming year. I think the will of Council is clear in several of these areas, especially the restoration of the police force to a 1500-man strength, the maintenance of the emergency ambulance service through Federal funding at present but through operating funds if necessary, as well as the maintenance of the demolition and renewal program and the other changes Council has made. This is

a good budget which will serve the needs of the city in the coming year.

To put into perspective the position of our city, it is clear that with the restoration of the wage tax, we have exhausted all of our important revenue increasing avenues save the real estate tax. Yet, with the discouraging likelihood of a continued inflationary economic trend, it seems most likely to me that next year another tax increase could very well be necessitated. For this reason it is essential that both Council and the Mayor work very hard to continue to hold down any unnecessary spending.

A brief look at the year 1969 when the present administration took office, shows a great similarity with the present. In 1969 the water rates were increased 20 per cent, the Business Privilege tax was instituted, as well as the Institutional Service tax and a 9-mill increase in the Real Estate Tax.

In the ensuing years this Council was able to reduce or eliminate many of these taxes and at the same time maintain the same standards of city sources as heretofore. We have had help from several factors which are not immediately apparent: An increase in the assessment of Real Estate values, a flow of Federal money through Revenue Sharing, and a heroic and sometimes unpopular effort on the part of the administration to cut costs by eliminating jobs and programs.

Whether these reductions were wise and prudent will remain a judgment to be made by municipal historians. The fact is, our city's position today is very similar to what it was six years ago, except for the fact that our important taxing resources are nearly exhausted and the prospect of rising municipal costs are as real and frightening as ever.

It seems clear that we should make every effort to maintain our tax base. Accordingly, I urge you to be very stingy about removing any property from the tax rolls.

Additional great efforts should be made to secure from Harrisburg, the right to impose some tax on the people who live outside the city limits but who use the city's resources and advantages. The appalling fiscal situations in New York stresses this need.

One final observation: This year we have constructed our budget in full view of the public. We have had all of our discussions and deliberations in this Chamber without resort to private talks or executive session.

It is my belief that this system has well served not only this Council, but the people of our city. I think Council has distinguished itself collectively and individually in showing its restraint while at the same time insisting upon its right to change the budget proposal. You are all to be congratulated for your efforts.

As for me, this has been a satisfying and stimulating era in my life. I have enjoyed my relationship with each of you and I want you to know that I am sincere when I say I am proud to have been one of you and I wish each of you a Happy New Year.

MOTIONS AND RESOLUTIONS

Mr. Coyne:

The nomination that was formed by the President of Council, at this time, I would like to put forth the names of Mr. Herman Reid, Ms. Ruth O'Hanlon, and Mr. Michael Kaufman for consideration to appointment to the Apportionment Committee.

Mr.Caliguiri:

Second the motion.

Mr. Mason:

Properly moved and seconded. The names previously mentioned be submitted as members of the Committee.

Mr. DePasquale:

Don't we have to nominate them separately?

Mr. Mason:

No. They are recommendations for the Apportionment Committee. Now, the floor is open for any further nominations prior to the nomination by the Nominating Committee.

Mr. Lynch:

Correct.

Mr. DePasquale:

First of all, we should really have a formal nomination for these recommendations. Now if Mr. Caliguiri said, nominee nominated, and Mr. Coyne seconded, he is only placing his recommendation of that Committee. He is putting their names in nomination.

Are we clear on that?

Mr. Mason:

As far as I am concerned. I am at least. But, I assumed that the report from the Committee mentioned that these were the names nominated for the Apportionment Committee and submitted by the Nominating Committee.

Mr. DePasquale:

We have to vote it.

Mr. Mason:

The Nominating Committee recommended, which meant that they had submitted three names for nomination.

Ms. Ballinger:

Subject to challenge.

Mr. Mason:

The Parlimentarian ruled this morning, and I understand that Mr. Coyne's report was in complete order.

Mr. Lynch:

If you rule it, then you now vote on the nominees.

The motion prevailed on the names to be submitted to the Nominating Committee.

Mr. Caliguiri:

I would suggest that the City Clerk get in touch with these three people quickly and let them know of this promptly.

Secondly, that the ones that appeared before Council, I would suggest that we let them know there are still two other appointments by the Mayor, and one other appointment by the borough of Mt. Oliver. So that they could submit their resumes to these two people and other agencies. There are three appointments to be made.

Mr. Stone:

In other words, we have fulfilled our responsibility as City Council.

Mr. Lynch:

We will hear from the Mayor sometime today or tomorrow. Find out who his nominees are.

Mr. Caliguiri:

Let the Mayor know who our nominees are so he doesn't appoint the same people perchance.

Mr. Mason:

I will assume the responsibility, or City Clerk. And the calls will be made immediately.

Mr. Perry, call the Mayor following this meeting.

Ms. Ballinger:

Since I have the proud duty of presenting to our dear departed brothers, Mr. Lynch and Mr. Kamyk, I will take it by seniority.

Mr. Kamyk is my dear friend. And I am going to miss him, as well as members of Council.

Miss Ballinger presented

Bill No. 3622. WHEREAS, There are obviously two ways to measure a day's work — by the number of hours put in, or by what has actually been accomplished. Walter, sounds easy, doesn't make waves. His decision sometimes took up the whole morning, but the bigger the problem he faced the more smoke emanated from his great cigar. His Lands Buildings sales were either vandalized or vacant, but Walter never left the meeting without telling us of the great work of Director West and Paul Evers.

WHEREAS, Walter was such a protector of the taxpayer of the City of Pittsburgh, that he only wanted the air raid sirens heard into the City of Pittsburgh and not the suburbanites. His parliamentarian knowledge will be sadly missed by the members of Council and

The tax levied under (c) and (d) herein shall relate to and be imposed on the net profits of any business, profession or enterprise carried on by any person as owner or as proprietor, either individually or in association with some other person or persons.

The tax levied by this ordinance shall be applicable to earnings and to net profits earned during the period beginning January 1, 1976, and ending December 31, 1976, and thereafter from year to year on a calendar year basis.

SECTION 3. DECLARATION AND PAYMENT OF TAX.

A. Net Profits:

(1) Every taxpayer making any net profits and/or expecting to make

any net profits shall, on or before April 15 of the current year, make and file with the Treasurer, on a form prescribed by the Treasurer, a declaration of his estimated net profits during the period beginning January 1 of the current year and ending December 31 of the current year, setting forth a good - faith estimate of the amount of net profits anticipated by him during the said period and subject to the tax, the amount of tax imposed by this ordinance on such estimated net profits, and such other information as the Treasurer may require.

(a) "Good faith" estimate, for purposes of the declared estimate, shall be equal to at least 75% of the actual amount reported on the final return for the current tax year or the full amount of income reported and paid on the preceding year's tax return.

(b) The taxpayer making the declaration shall, at time of filing thereof, pay to the Treasurer the estimated amount of tax shown as due thereon: the first installment at the time of filing the declaratoin and the other installments on or before June 15 of the current year, September 15 of the current year, and January 15 of the succeeding year, respectively.

(2) Any taxpayer who first anticipates any net profits after April 15 of the current year, shall make and file the declaration hereinabove required on or before June 15, September 15, or December 31 of the current year, which ever of these dates next follows the date on which the taxpayer first anticipates such net profit. The taxpayer making the declaration shall, at the time of filing thereof, pay to the Treasurer the estimated amount of tax as due thereon, on or before the quarterly payment dates which remain after the filing of the declaration.

(3) The Treasurer is hereby authorized to provide by regulation for the making and filing of the declarations of estimated net profits on a quarterly basis. He may also provide for the making and filing of the adjusted declarations and for the payment of the estimated tax in cases where a taxpayer anticipates additional net profits not previously declared or advises that he has overestimated his estimated net profits. When a taxpayer files and pays his declaration on estimated net profits on a quarterly basis, the failure of the taxpayer to adjust his declaration, in the event of unanticipated additional net profits not previously declared, will subject him to penalty and interest, pursuant to Section 7 hereof, on the amount of the underpayment of each or any of the installments where such underpayment exceeds 25%, or to the sanctions imposed under Section 6(b)(3) hereof.

(a) The amount of underpayment subject to penalty and interest, pursuant to Section 7 hereof, is the difference between the amount actually paid and the amount of the installment which would have been required to be paid if the estimated tax had been equal to 75% of the tax shown on the final return for the taxable period. In other words, the sum total of each installment paid should amount to at least one quarter of at least 75% of the entire amount due for such taxable year.

(i) EXCEPTION:

The addition of penalty and interest to the tax with respect to any underpayment of any installment, shall not be imposed if the total amount of all payments of the estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds the amount which the taxpayer paid in the preceding taxable year for the same type of business for the same length of time.

(4) On or before April 15 of the succeeding year, every taxpayer who has received net profits shall make and file with the Treasurer, on a form prescribed by the Treasurer, a final return showing all his net profits for the period beginning January 1 and ending December 31 of the current year, the total amount of tax due, the amount of estimated tax paid under the provisions of this section, the amount

of underpayment on the estimated tax installments, together with penalty and interest thereon, and the balance due. Any taxpayer may, in lieu of payment of the fourth quarterly installment of his estimated tax, elect to make and file with the Treasurer on or before January 31 of the succeeding year the final return as hereinabove required. At the time of filing the final return, the taxpayer shall pay the balance of the tax due, or shall ask for refund or credit in the case of overpayment.

(5) Every taxpayer who discontinues business prior to December 31 of the current year, shall, within thirty (30) days after the discontinuance of business, file his final return as hereinabove required and pay the tax due.

(d) Every employer who discontinues business prior to December 31 of the current year shall, within thirty (30) days after the discontinuance of business, file the returns hereinabove required and pay the tax due.

(e) The failure or omission of any employer to make the deductions required by this section shall not relieve any employee from the payment of the tax or from complying with the requirements of this ordinance relating to the filing of declarations and returns.

SECTION 6. *METERS* — Pursuant to the Act of 1911, May 12, P.L. 295 §5, as amended (53 P.S. §25921), the City Water Department is hereby authorized to order any consumer to whom water is furnished to purchase and have installed a water meter of a size,

type and setting approved by the Director of the Department of Water. In the event the consumer fails to comply with the order to install a water meter within 90 days after receipt of said order, the Department of Water is authorized to discontinue water services to such premises until the order has been complied with. Said water meter shall be obtained from the City, at cost, the full amount to be paid at time the meter is procured. Ownership of all meters so obtained remains with the City of Pittsburgh.

A. Consumers who are unable to admit meter readers on a regular basis will be required to acquire from the Water Department, at cost, additional meter equipment to be used in reading meters remotely. Full payment for the remote device and the cost of installing it must be made prior to installation.

B. It shall be illegal for any consumer to disconnect or remove any water meter installed by the Department of Water pursuant to this ordinance.

C. Meters which are damaged by abuse or through the neglect of any consumer shall be repaired by the City at the expense of said consumer. Meters that are stolen shall be replaced by the City at the expense of the water user.

D. Each consumer shall be billed separately for gallonage on each meter which is read, regardless of the number of metered premises he owns.

E. The Department of Water shall maintain, repair and replace, except as provided in paragraph "C" of this section, all water meters, including water meters installed on by-pass lines of fire lines. Fire line detector check devices and meters installed within said detector check devices, will be the maintenance responsibility of the property owner.

F. Requests for meter tests arising out of disputed billings will be made at the following charges:

1" Meters and Under	each $12.00
1 1/4", 1 1/2" & 2" Meters	each $19.20

Meter testing of sizes larger than 2" will include all time involved with removal, testing, and any other costs which may arise from the meter test. Should a meter test find over-registration exceeding four per cent, no charge will b assessed for testing.

SECTION 7. *ASSESSMENTS AND BILLING*

A. *FLAT RATES* — An assessment shall be made of the water use in all non-metered premises on the basis of the schedule set forth in Section 2 hereof. Pursuant to the Act of 1911, May 12, P.L. 295 §3 (53 P.S. 25943), water rents on a flat rate basis shall be payable in advance during the months of January, February and March of each year. A discount of 2% shall be allowed on the flat water rents paid during the month of January.

Alternatively, consumers assessed at the flat rate shall have

the option to pay water rents quarterly as follows:

First Quarter	by March 31
Second Quarter	by April 30
Third Quarter	by July 31
Fourth Quarter	by October 31

If payments are not made by the prescribed due date, they shall be considered delinquent, and penalty shall be added at the rate of 2% of the total amount of deliquent water rents and interest at the rate of 1/2% per month on the face amount of the delinquent water rents shall be added and every month or part thereof that the same is delinquent and unpaid.

B. *METER RATES* — All meters shall be read at least twice a year and water rents assessed four times per year. Payment of metered water rents made within 15 days after the first day of the month due shall receive a 2% discount. From the 15th day of the month until the end of the month water rents are payable at face value. Any water rents not paid by the first day of the following month become delinquent and 1/2% penalty shall be added to the face amount for each month or part thereof that the same remain delinquent and unpaid.

C. *ESTIMATES* — If the Water Assessors are unable to obtain a reading of a meter or a determination of the water consumption for any reason, except as provided in D below, an estimated bill for water usage shall be rendered in an amount reasonably commensurate with the consumer's normal usage for a similar period as determined by criteria set forth in Water Department Regulations. The estimated bill will be due and payable at the regular times and, if unpaid at the due date, will accrue penaty and interest as aforesaid.

Alternatively, if a meter is missing from the premises for any reason, water rents may be assessed at double the flat rate charge and penalty and interest added as aforesaid.

D. *DELINQUENT WATER ACCOUNTS* — Delinquent water accounts shall be collected by the Treasurer, who shall, in default of payments, proceed to the collection thereof, and the filing of liens as provided under the Acts of Assembly. In addition to the remedy so provided, the Department of Water may make reasonable regulations so provided, the Department of Water may make reasonable regulations concerning the cessation of water service to delinquent premises.

SECTION 8. *EXONERATIONS.*

A. *LIMITATIONS*

All requests for exonerations for excessive assessments must be made during the current year in which the assessments are made or within

12 months after the termination of said year, and no exoneration shall be granted after said period has expired. Such requests shall be made in writing and be directed to the Board of Water assessors.

B. *VACANCIES*

(1) *Flat Rate Assessments*

(a) Where the premises are completely vacant and the entire supply of water is shut off at the curb box, upon filing by the owner of a notarized vacancy affidavit in the Office of the Department of Water, exonerations of 90% will be issued for the period during which the entire premises are vacant and the water shut off, provided that the period during which the water is shut off must be greater than 60 consecutive days. The exoneration shall not be in an amount less than the charge for minimum metered accounts, that is, $6.18 per quarter.

(b) For changes in water uses, where fixtures are removed and water uses discontinued, exonerations will be issued covering the discontinued use from the date of approval of the contract covering the revised water uses. In case any owner of any premises shall cause or allow water to be used for any premises or in any fixtures for which there is no approved water contract on file, the rate shall be as specified in Section 2 hereof and shall date from the preceding January 1, and the water for the entire premises shall be shut off until an approved contract for such additional water uses or fixtures has been signed and placed on file in the office of the Department of Water. All fixtures on any premises, whether used or not, will be assessed as long as they remain in position.

(2) *Meters*

No exoneration need be granted in respect to premises in which water used is measured by a meter inasmuch as no water use will register during the period of the vacancy and only the minimum rate will apply. However, should the period of vacancy extend through more than one meter-reading period and no remote reader is available, the property owner shall notify the Water Department by means of a signed affidavit requesting that no estimated bill be rendered for that period.

(3) *Exceptions*

Where premises acquired by the Commonwealth of Pennsylvania, the School District of Pittsburgh, the Urban Redevelopment Authority of Pittsburgh or other governmental agency for highway, school or other public redevelopment purposes are completely vacant; and notice thereof has been given to the Department of Water and the City Treasurer; and the entire supply of water is shut off and the meter removed, exonerations of 100% shall be made in the case of any building which the aforesaid governmental bodies or agencies certify to be vacant and scheduled for demolition. No exoneration shall be granted for any water charges incurred prior to the notice and certification above described.

C. *UNDERGROUND LEAKS.*

Exoneration, where merited, will be made on the gallonage accruing over and above normal use for the particular account. The amount of the exoneration will not exceed 50% of the excess gallonage over and above normal usage. "Normal usage" shall be deemed to be the average gallons used in the four quarters preceding the underground leak.

SECTION 9.

Maintenance of private water service lines, up to, and including the connection to the City main water line, including all appurtenances therein, are the responsibility of the property owner. In situations where a private water service line is leaking and wasting water and the property owner is served notice by the Department of Water to make repairs, said property owner will have five (5) days (excluding Saturdays and Sundays) in which to make repairs. Should no action be taken within the allowable five (5) day period, the Department of Water may assess a daily charge for each day after the allowable five (5) day period in which the waste of water continues. The daily charge will be equivalent to the quarterly minimum meter charge which is predicated on the water meter size supplying a particular account. (See Section 5—Minimum Rates for Metered Water).

WHEREAS, he was unselfish (AT TIMES), but played the game in a big way. His success is ours, too, and if he could have half of his wishes he would double is troubles, but he will make his decisions in arrogance because with arrogance one never notices anyone's mistakes.

WHEREAS, There are obviously two ways to measure a day's work by the number of hours put in, or by what has actually been accomplished. W a l t e r, sounds easy, doesn't make waves. His decisions sometimes took up the whole morning, but the bigger the problem he faced the more smoke eminated from his great cigar. His Lands and Buildings sales were either vandalized or vacant, but Walter never left the meeting without telling us of the great work of Director West and Paul Evers.

WHEREAS, Walter was such a protector of the taxpayer of the City of Pittsburgh, that he only wanted the air raid sirens heard into the City of Pittsburgh and not the suburbanites. His parliamentarian knowledge will be sadly missed by the members of Council and his unique way of informing City Council that the next meeting would be at another date, will far surpass any other words. Walter's "yes's" were always "yes" but the "no's" were always confusing. But his untiring work will be missed, but not the smoke from that wretched cigar.
